

Please remember to fill in and return our programming information sheets when we send them home as they really help us to individualise your child's program and to know more about what is going on in their world that might be affecting them. Feel free to read your child's program on the wall

With the weather heating up now can you please ensure that the changes of clothes in your child's bag are appropriate for warmer weather.

Just a reminder also that our Sunsmart Policy does not allow the children to wear sleeveless tops outside. They can wear them when we are inside but will need a t-shirt in their bag to put on when we go outside.

We are in utter amazement at how fast this past year has gone, how is it November already! With Christmas fast approaching we know that everyone has a lot more going on over the weekends. If your child/ren have had a particularly busy weekend could you let us know as it could affect their routine, especially on a Monday. Weekends usually provide children with a little more 'down time' but during the Christmas season we do notice a change in children's behaviors and routines when they don't get it. If we are aware then we can give them an extra or earlier sleep if need be.

The coming weeks will see us decking the room out for Christmas as well as undertaking Christmas art and crafts with the children. We will also be singing Christmas songs with them and reading Christmas stories.

Our Christmas holiday programme for your child/ren is a little different and all children will be programmed for in December. Don't forget to check out your child's programme during December and see what they will be asking Santa to help them learn this year!

Thanks for reading!

Liz, Briony, Courtney, Catherine, Kelly and Christel

PLEASE ENSURE ALL CLOTHING, DUMMIES AND COMFORTERS ARE LABELLED IF THEY COME TO CHILD CARE. THANKS!

CHRISTMAS
