

Nursery News

Please ensure
dummies, bottles and
comfort toys are
labelled clearly.

This year is just flying past, we can't believe that Easter is over and done with for another year already! We had lots of fun with our Easter art and craft and hope the parents enjoyed the wonderful gifts we created.

With the weather starting to get cooler could you please make sure that your child has weather appropriate clothing and shoes on. Could you also please make sure the change of clothes in their bags is also updated for the cooler weather. If possible could you also please include a warmer jacket so that when the weather really cools down we can still have time outside and not worry about the cold so much. Please also remember to label as many items of clothing as possible, initials suffice in most cases. Thanks!

We hope you are enjoying the Songs of the Month we are sending home! The children love to sing and dance at child care and we have had many requests for the words to the songs. If you need help with the tune so that you can sing the child care songs at home a carer would be happy to help!

Have you checked out your child's Learning Portfolio lately? They are located on top of the lockers and you are free to look at them at any time. If you have any questions about the folders feel free to ask a carer.
